English (Mother-tongue)
Afrikaans (First Additional)

A bit about me

I consider myself both a creative and logical individual. I enjoy reading up on science breakthroughs and making pizza! To burn off the pizza that I love so much, I exercise daily. Adding to my creative side, I enjoy attending theatre and even partaking in theatre/acting! I always enjoy completing projects within the realm of my studies and the polar opposite, like a hydroponic system!

Skill Highlights

- Creative Thinker
- Team player
- Ambitious speaker
- Logical thinker
- Innovative
- Proactive

Technical Skills

0-5 proficiency:

Where 5 – extremely proficient

Where 0 – Should not be listed
